

## LOGIE COUNTRY HOUSE

### *A Great Deal on Your Big Day!*

At Logie Country House, we want you to have a very clear idea of what you are paying for. We'd also like you to be able to compare our costs with other venues, so have prepared the summary below.

What's included?		Logie Country House		Other comparable venues

Single point of contact from start to finish (wedding planner for everything)	✓	Included	X	Usually several different people.

### What we offer

- Relaxation. You're with us for a while, so there's no rushing around.
- As you rent the house yourselves, there are no staff to tell you what you can and can't do. No drinking up, no last orders in the house.
- No checking in on the day of your wedding and rushing to check out the next morning for weekend weddings (and we can offer check out at 12pm for both mid-week and weekend weddings).
- Your meal, dance and bar are all in the same place, so your guests won't be drinking up the hall while your band plays to an empty room.
- Pre-wedding and post-wedding functions are easy to arrange.

## Even better value for money!

Check with us to see if we have any offers running. We usually have fantastic discounts including:

- **Late availability.** These dates can work out around **70%** off in some cases.
- **Mid-week.** These are increasingly popular. We have seen a huge increase in the last four years. Wednesday weddings can work out up to **70%** cheaper than a weekend wedding too.
- **Drop a day.** We offer a reduction if you choose to stay one night less.
- **Pay now discount.** We offer a reduction if you pay everything up front.
- **Charge your guests.** Most wedding guests pay for their own accommodation at a hotel. It is quite common for our brides and grooms to ask their guests for a contribution towards the cost of their accommodation too. A contribution of £100 per person per night for a 3 day wedding would give you £9000 toward the cost. Here's £9000! - not a bad start to wedding budgeting!
